

Prerequisites for GTU Master's Programs for the 2026/2027 Academic Year

Faculty	Master's Program	Exam / Exams	Master's Program Prerequisite
Faculty of Civil Engineering	Civil Engineering (Construction)	• Specialization exam • Foreign language exam (in one of the foreign languages: English, German, French, Russian). <i>Note: exams will be conducted in test format at the GTU Examination Center</i>	The right to study at the master's level is granted to a person holding at least a bachelor's degree or an equivalent academic degree, who is enrolled based on the results of the master's exams (the Common Master's Exam and the exam(s) determined by GTU). Exam questions/tests will be posted on the GTU Teaching Department website http://www.gtu.ge/study/index.php at least one month before the start of the exams. Enrollment in the program without passing the master's exams is possible under the rules established by the Ministry of Education and Science of Georgia. Submission of a certificate/document confirming proficiency in a foreign language at B2 level (English, German, French, Russian) is

Faculty	Master's Program	Exam / Exams	Master's Program Prerequisite
			mandatory. Applicants who received their education abroad (completed a foreign-language course/program) are not required to take the exam or present a certificate; an applicant who cannot present the said certificate is obliged to take a test at the GTU Computer Center in one of the foreign languages (English, German, French, Russian).
Faculty of Civil Engineering	Construction Engineering and Management	• Specialization exam • Foreign language exam (in one of the foreign languages: English, German, French, Russian). <i>Note: the exam will be conducted in test format at the GTU Examination Center</i>	For students enrolled before the 2026-2027 academic year: The right to study at the master's level is granted to a person holding at least a bachelor's degree or an equivalent academic degree, who is enrolled based on the results of the master's exams (the Common Master's Exam and the exam(s) determined by GTU). Exam questions/tests will be posted on the GTU Teaching Department website http://www.gtu.ge/study/index.php at least one month before the

			start of the exams. Enrollment in the program without passing the master's exams is possible under the rules established by the Ministry of Education and Science of Georgia. Submission of a certificate/document confirming proficiency in a foreign language at B2 level (English, German, French, Russian) is mandatory. Applicants who received their education abroad (completed a foreign-language program) are not required to take the exam or present a certificate; an applicant who cannot present the said certificate is obliged to take a test at the GTU Computer Center in one of the foreign languages (English, German, French, Russian). For students enrolled from the 2026-2027 academic year: The right to study in the first stage of the master's program is granted to a person

Faculty	Master's Program	Exam / Exams	Master's Program Prerequisite
			holding at least a bachelor's degree or an equivalent academic degree, who is enrolled based on the results of the master's exams (the Common Master's Exam and the exam(s) determined by GTU), and who, according to the National Qualifications Framework, has completed one of the following detailed fields: 0731 Architecture and Town Planning; 0732 Building and Civil Engineering; 0739 Architecture and Construction – not elsewhere classified; 0788 Inter-disciplinary – covering Engineering, Manufacturing and Construction; 0712 Environmental Protection Technology; or has at least one year of work experience in the field. Exam questions/tests will be posted on the GTU Teaching Department website https://gtu.ge/apply/tests.php/ at least one month before the start of the exams.

Faculty	Master's Program	Exam / Exams	Master's Program Prerequisite
			Enrollment without passing the master's exams is possible under the rules established by the Ministry of Education and Science of Georgia. Submission of a certificate/document confirming proficiency in a foreign language at B2 level (English, German, French, Russian) is mandatory. Applicants who received their education abroad (completed a foreign-language program) are not required to take the exam or present a certificate. An applicant who cannot present the said certificate is obliged to take a test at the GTU Computer Center in one of the foreign languages (English, German, French, Russian). The right to study in the second part of the master's program is granted to a person holding a master's academic degree in Construction Engineering and Management, who is enrolled in the

Faculty	Master's Program	Exam / Exams	Master's Program Prerequisite
			program in accordance with Georgian legislation.
Faculty of Civil Engineering	Water Engineering (English-language)	• Specialization exam • English language exam <i>Note: exams will be conducted in test format at the GTU Examination Center</i>	The right to study at the master's level is granted to a person holding at least a bachelor's degree or an equivalent academic degree; enrollment is based on the results of the master's exams (the Common Master's Exam and tests determined by GTU for specialists, compiled in English). Sample tests will be posted on the GTU Educational Process Management Department website http://www.gtu.ge/study/index.php at least one month before the start of the exams. Enrollment without passing the master's exams is possible under the rules established by the Ministry of Education and Science of Georgia. Submission of a certificate/document confirming English proficiency at B2 level, or passing internal university testing, is mandatory.

Faculty	Master's Program	Exam / Exams	Master's Program Prerequisite
			Applicants who received their education abroad (completed a foreign-language course/program) are not required to take the exam or present a certificate.
Faculty of Power Engineering	Power Engineering and Electrical Engineering	• Specialization exam <i>Note: the exam will be conducted in test format at the GTU Examination Center</i>	The right to study in the first part of the master's program is granted to a person holding at least a bachelor's degree or an equivalent academic degree in an engineering field or natural sciences (Physics), or a person with at least two years of engineering-technical work experience in the field of power engineering and electrical engineering who holds at least a bachelor's degree or an equivalent academic degree, and who is enrolled based on the results of the master's exams (the Common Master's Exam and the exam(s) determined by GTU). Exam questions/tests will be posted on the GTU website https://gtu.ge/apply/tests.php at least one

Faculty	Master's Program	Exam / Exams	Master's Program Prerequisite
			month before the start of the exams. Enrollment without passing the master's exams is possible only under the rules established by Georgian legislation. The right to study in the second part of the master's program is granted to a person holding a master's academic degree in Power Engineering and Electrical Engineering.
Faculty of Power Engineering	Technological Project Management and Industrial Policy	• Specialization exam <i>Note: the exam will be conducted in test format at the GTU Examination Center</i>	The right to study in the first part of the master's program is granted to a person holding at least a bachelor's degree or an equivalent academic degree, who is enrolled based on the results of the master's exams (the Common Master's Exam and the exam(s) determined by GTU). Exam questions/tests will be posted on the GTU Educational Process Management Department website https://gtu.ge/apply/tests.php at least one month before the start of the exams.

Faculty	Master's Program	Exam / Exams	Master's Program Prerequisite
			Enrollment without passing the master's exams is possible under the rules established by Georgian legislation. The right to study in the second part of the master's program is granted to a person holding a master's academic degree in Project Management, who is enrolled in the program in accordance with Georgian legislation.
Faculty of Mining Technologies and Sustainable Mountain Development	Oil and Gas Technologies (Russian-language)	• Specialization exam • Exam in Russian (the language of instruction) • Foreign language exam (in one of the foreign languages: English, German, French) <i>Note: exams will be conducted in test format at the GTU Examination Center</i>	The right to study in the first part of the master's program is granted to a person holding a bachelor's degree or an equivalent academic degree in the field of Engineering, Manufacturing and Construction, as well as in Natural Sciences, Mathematics and Statistics (Geology, Geophysics, Chemistry). Applicants are enrolled based on the results of the master's exams (the Common Master's Exam and the exam(s) determined by GTU). Exam questions/tests

Faculty	Master's Program	Exam / Exams	Master's Program Prerequisite
			will be posted on the GTU website https://gtu.ge/apply/tests.php at least one month before the start of the exams. Those wishing to enroll must present a certificate confirming knowledge of a foreign language (English, German, French) at no less than B2 level, or must take an exam at the GTU Examination Center. Enrollment without passing the master's exams is possible under Georgian legislation. For study in a Russian-language master's program, the applicant must have command of Russian at a level corresponding to at least the B2 level (see the European Language Portfolio https://is.muni.cz/el/1441/podzim2009/R2BP_DIS1/um/Jazykovej_portfel.pdf). To verify language proficiency, the applicant must present the international TORFL (The Test of Russian as a Foreign Language) Level II certificate (corresponding to

Faculty	Master's Program	Exam / Exams	Master's Program Prerequisite
			level B2 of the European ALTE testing system) as proof of proficiency in the language of instruction. Such an applicant is exempt from the language-of-instruction exam. In the absence of such a certificate or another relevant document, the applicant is obliged to take a test to demonstrate actual competence in Russian. The right to study in Part II of the master's program is granted to a person holding a master's academic degree in Oil and Gas Extraction Technology, who is enrolled in the program in accordance with Georgian legislation.
Faculty of Mining Technologies and Sustainable Mountain Development	Mining and Geoengineering	• Specialization exam • Foreign language exam (in one of the foreign languages: English, German, French, Russian). <i>Note: exams will be conducted in test format at the GTU Examination Center</i>	The right to study at the master's level is granted to a person holding at least a bachelor's degree or an equivalent academic degree, who is enrolled based on the results of the master's exams (the Common Master's Exam and the

Faculty	Master's Program	Exam / Exams	Master's Program Prerequisite
			exam(s) determined by GTU). Exam questions/tests will be posted on the GTU website https://gtu.ge/apply/tests.php at least one month before the start of the exams. Those wishing to enroll must present a certificate/document confirming knowledge of a foreign language (English, German, French, Russian) at no less than B2 level, or must take an exam at the GTU Examination Center. Enrollment without passing the master's exams is possible under the rules established by the Ministry of Education, Science, Culture and Sport of Georgia.
Faculty of Mining Technologies and Sustainable Mountain Development	Applied Geology	• Specialization exam • Foreign language exam (in one of the foreign languages: English, German, French, Russian). <i>Note: exams will be conducted in test format at the GTU Examination Center</i>	The right to study in the first part of the master's program is granted to a person holding at least a bachelor's degree or an equivalent academic degree, who is enrolled based on the results of the master's exams (the Common Master's Exam and the exam(s) determined by GTU). Exam test

Faculty	Master's Program	Exam / Exams	Master's Program Prerequisite
			questions will be posted on the university website https://gtu.ge/apply/tests.php at least one month before the start of the exams. Those wishing to enroll must present a certificate/document confirming knowledge of a foreign language (English, German, French, Russian) at no less than B2 level, or must take an exam at the GTU Examination Center. Enrollment without passing the master's exams is possible under the rules established by the Ministry of Education, Science, Culture and Sport of Georgia. The right to study in Part II of the master's program is granted to a person holding a master's academic degree in Geology, who is enrolled in the program in accordance with Georgian legislation.
Faculty of Mining Technologies and Sustainable Mountain Development	Oil and Gas Technologies	• Specialization exam • Foreign language exam (in one of the foreign languages: English, German, French, Russian).	The right to study in the first part of the master's program is granted to a person holding at least a bachelor's degree or

Faculty	Master's Program	Exam / Exams	Master's Program Prerequisite
		<i>Note: exams will be conducted in test format at the GTU Examination Center</i>	an equivalent academic degree, who is enrolled based on the results of the master's exams (the Common Master's Exam and the exam(s) determined by GTU). Sample exam tests will be posted on the university website https://gtu.ge/apply/tests.php at least one month before the start of the exams. Those wishing to enroll must present a certificate/document confirming knowledge of a foreign language (English, German, French, Russian) at no less than B2 level, or must take an exam at the GTU Examination Center. Enrollment without passing the master's exams is possible under the rules established by the Ministry of Education, Science, Culture and Sport of Georgia. The right to study in Part II of the master's program is granted to a person holding a master's academic degree in Oil and Gas Extraction Technology, who is

Faculty	Master's Program	Exam / Exams	Master's Program Prerequisite
			enrolled in the program in accordance with Georgian legislation.
Faculty of Mining Technologies and Sustainable Mountain Development	Engineering Geodesy	• Specialization exam • Foreign language exam (in one of the foreign languages: English, German, French, Russian). <i>Note: exams will be conducted in test format at the GTU Examination Center</i>	The right to study in the first part of the master's program is granted to a person holding at least a bachelor's degree or an equivalent academic degree in one of the following detailed fields of study: ▪ 0532 Earth Sciences; ▪ 0541 Mathematics; ▪ 0612 Database and Network Design and Administration; ▪ 0613 Software and Applications Development and Analysis; ▪ 0724 Mining and Extraction; ▪ 0731 Architecture and Town Planning; ▪ 0732 Building and Civil Engineering; who is enrolled based on the results of the master's exams (the Common Master's Exam and the exam(s) determined by GTU). Those wishing to enroll must present a certificate/document confirming knowledge of a foreign language

Faculty	Master's Program	Exam / Exams	Master's Program Prerequisite
			(English, German, French, Russian) at no less than B2 level, or must take an exam at the GTU Examination Center. Exam questions/tests will be posted on the GTU website https://gtu.ge/apply/tests.php at least one month before the start of the exams. Enrollment without passing the master's exams is possible in accordance with Georgian legislation. The right to study in Part II of the master's program is granted to a person holding a master's academic degree in Engineering Geodesy and Geoinformatics, who is enrolled in the program in accordance with Georgian legislation.
Faculty of Mining Technologies and Sustainable Mountain Development	Occupational Safety and Health	• Specialization exam • Foreign language exam (in one of the foreign languages: English, German, French, Russian). <i>Note: exams will be conducted in test format at the GTU Examination Center</i>	The right to study in the first part of the master's program is granted to a person holding at least a bachelor's degree or an equivalent academic degree, who is enrolled based on the results of the master's exams (the Common Master's

Faculty	Master's Program	Exam / Exams	Master's Program Prerequisite
			Exam and the exam(s) determined by GTU). Sample exam tests will be posted on the university website https://gtu.ge/apply/tests.php at least one month before the start of the exams. Those wishing to enroll must present a certificate/document confirming knowledge of a foreign language (English, German, French, Russian) at no less than B2 level, or must take an exam at the GTU Examination Center. Enrollment without passing the master's exams is possible under the rules established by the Ministry of Education, Science, Culture and Sport of Georgia. The right to study in Part II of the master's program is granted to a person holding a master's academic degree in Occupational Safety, who is enrolled in the program in accordance with Georgian legislation.
Faculty of Agricultural	Chemical and Biological	• Specialization exam • English language	The right to study in the first part of the

Faculty	Master's Program	Exam / Exams	Master's Program Prerequisite
Sciences and Chemical Technology	Engineering	exam <i>Note: exams will be conducted in test format at the GTU Examination Center</i>	master's program is granted to a person holding at least a bachelor's degree or an equivalent academic degree, who is enrolled based on the results of the master's exams (the Common Master's Exam and the exam(s) determined by GTU). Exam questions/tests will be posted on the university website https://www.gtu.edu.ge/ at least one month before the start of the exams. The candidate must hold a certificate confirming English proficiency at no less than B2 level, or a document confirming completion of a course corresponding to B2 level. In the absence of such a certificate or an analogous document, the candidate will take a test in English at the GTU Testing Center. Enrollment without passing the master's exams is possible under the rules established by the Ministry of Education and Science of Georgia.

Faculty	Master's Program	Exam / Exams	Master's Program Prerequisite
			External mobility. Enrollment in the program is also possible through mobility, in accordance with the "Rule on Transfer from One Higher Education Institution to Another" approved by Order №10/6 of the Minister of Education and Science of Georgia dated February 2, 2010; Internal mobility. Applicants are also admitted through internal mobility. The deadlines and procedures for internal mobility are established by order of the university rector, and the information is posted on the university website https://www.gtu.edu.ge/. The right to study in the second part of the master's program is granted upon completion of the first part (60 credits) of the 120-credit master's program "Chemical and Biological Engineering."
Faculty of	Environmental	• Specialization exam	The right to study in

Faculty	Master's Program	Exam / Exams	Master's Program Prerequisite
Agricultural Sciences and Chemical Technology	Protection Engineering	• Foreign language exam (in one of the foreign languages: English, German, French, Russian). <i>Note: exams will be conducted in test format at the GTU Examination Center</i>	the first part of the master's program is granted to a person holding at least a bachelor's degree or an equivalent academic degree, who is enrolled based on the results of the master's exams under the rules established by Georgian legislation (the Common Master's Exam and the specialty exam(s) determined by GTU). Exam questions/tests will be posted on the GTU website https://www.gtu.edu.ge/ at least one month before the start of the exams.
